

Air 1 (95.3) is my primary radio station along with thousands of other people located in my area. If Air 1 were to be displaced by an LPFM broadcaster providing other programming a lot of people would be without a radio station. This station is geared towards younger audiences and is the only Christian station like this in Lexington and the surrounding areas. Since Lexington is a college town and me being a college student we would be left without a radio station of this type. Please don't allow Air 1 to be replaced. Thank you for your time.
